Secret Review Board.

Wawasee, Kosciusko county, Indiana.

A number of corporations appeared before the Board of Review yesterday, and answered the questions propounded by the members of the board in their star chamber session. The rule adopted by the board of "the public be d-d" is still in force, and the citizens of the county will have to take it for gran ted that the board will be honest in the transaction of its business, and will not favor one corporation over another for political or other reasons. While it may take a great stretch of imagination to do this, yet necessity is said to be the mother of invention, and inasmuch

A NUMBER OF CANDIDATES

Contests for Republican Nominations Are Likely to Be Lively Next Week.

Competition in the Race for Mayor, Clerk and Judge-Primaries by Precincts-Big Meeting of the Committee.

There will be no lack of Republican candidates for the mayoralty, or for any other nomination within the gift of the convention, which meets a week from to-morrow evening. The developments of the past few weeks, including the Democratic convention, have increased the feeling of the Republicans that it is their duty to redeem the city from the weaknesses of the present administration, and they feel confident that with a ticket made up of men of recognized ability and integrity they will be intrusted by the people with the man-

agement of city affairs. It is not unlikely that the begining of next week will see at least three and possibly four avowed candidates for Mayor in the field, and all of them excellent men. Mr. Denny was the first to express his confidence in the party's ability to win by entering the race. His peculiar fitness for the position by experience, nature and study is generally conceded, and he has a strong following, but he is likely to have strong competition before the convention, a thing to which he will not in the least object. Two other well-known lawyers, who stand high in the community, are seriously considering the importunities of their friends to make the race, and it is considered likely that they will permit an announcement within a couple of days, At the same time two well-known business men are being much besought by their friends to permit the use of their names,

with fair prospects of success. or city clerk Ed E. Shroyer, John Q. Hicks and Lee Nixon are candidates, all good, clean young men, any one of whom would fill the office acceptably and add strength to the ticket. For police judge Fremont Alford, R. M. Smock, Frank McCray and Thomas Hanna are frequently mentioned. Any one of them is far and away a better man than that travesty upon the bench, "the Cadi," the only man the Democratic convention renominated by acclamation.

For councilmen at large the following

names have been canvassed wherever the subject has been discussed: Michael C. Staley, Garrett Shover, W. W. McCrea, William Scott, Franklin Vonnegut Edward Dean, Joseph Earnehaw, Fred Buddenbaum, George Merritt, D. B. Shideler, C. A. Bookwalter, Thomas Chandler, W. H. Tucker and J. B. Conner.

BIG MEETING OF THE COMMITTEE, Primaries Will Be Held by Precincts-In

Good Working Trim. The Republican city committee met at its headquarters in the When Block last night. with an attendance that bespoke the oldtime enthusiasm of the local Republican party. There were about 125 of the committeemen present, and during the evening there was much interest taken in the various points that were brought up. Every ward was represented. The manner of holding the primaries was discussed, and it was almost the unanimous sentiment that the primaries be held by precincts.

Delegates will be sent directly from the precincts to the convention. The committeemen were instructed to select the places for holding the primaries, and report back to a meeting of the committee on next Monday night. A call will be issued a few days afterwards for the primaries and the convention, the primaries to be held on July 21, and the convention on the next night at Tomlinson Hall.

There were many Republicans at the meeting last night that have not attended a political meeting for several years, and to the committeemen this augured well for the success of the party in the coming campaign. The committeemen were all in earnest, and there was no expressions of doubt as to the result.

FOR THE FALL RACES.

Big Purses to Be Offered by the Driving Club in September.

The programme for the fall meeting of the Indianapolis Driving Club was prepared yesterday. The dates are from Sept. 4 to 8. The following is the card:

Tuesday-2:26 trot, \$1,000; free-for-all pace, \$2,000; \$500 additional will be given to all horses in this race who beat 2:05; 2:35 pace; Wednesday-2:12 trot, \$1,000; 2:15 pace, \$1,000; 2:19 trot, \$1.000.
Thursday-2:12 pace, \$1,000; free-for-all trot, \$2,000; \$500 to all horses that beat 2:06; 2:22 Friday-2:30 trot, \$1,000; 2:19 pace, \$1,000; 2:15 trot, \$1,000.

The total amount to be given in purses will be \$15,000. This compares favorably with any place on the circuit, and the managers of the meeting hope to secure the best horses. While the amount of money will not be lessened, it is possible that the dates of the different classes of

races may be altered if circumstances require it.

How Kissel's Pointer Died. C. Fred Kissel arrived from Pittsburg yesterday afternoon, and greatly regrets the loss of his horse, Kissel's Pointer. When asked the cause of his death he replied that it was very hard to tell. The horse seemed in as good race form as he had shown during the season, was sweating freely and was pacing on his courage. Kissel says he made no effort to win either the first or second heats, and was leading in the homestretch when Pointer suddenly came back to him, but promptly responded and kept up the pace until near the wire, when he began to slacken his gait. In this way he passed the wire and fell and died without a struggle. Two other horses fell in their races the day before, but recovered, and he is inclined to think that there is some unknown disease among horses of the country which makes it extremely dan-gerous at this time. The loss is felt all the greater from the fact that some gentlemen were watching his performance with the expectation of buying him if he suited them. This he would undoubtedly have done. Mr. Kissel rates his ability to have paced three times close to 2:12. Indiana loses two of her most promising pacers in

Kissel's Pointer and Sunset. County Asylum Report.

Superintendent Yeager, of the county asylum, yesterday filed with the County Commissioners his report for the quarter ending June 1. The report shows that out of a total of 208 inmates in the institution eighty-one are foreign born. The County Commissioners also received from the grand jury a recommendation that facilities for baths be put in at the poor farm, and appliances for sprinkling the lawns at the workhouse.

Heavy Mail.

The quantity of mail passing over the division of which Indiana is a part is lighter for this season than it has been for years. The number of letters has not fallen off as much as that of packages and pamphlets. The present stringency of the money markets prevents many of the manufacturers of proprietary medicines from flooding the mails with their literature.

Scalded by Steam.

William Ritterer, an employe of the Panhandle shops, was terribly scalded about the breast yesterday afternoon by steam. He was in the act of examining a check on the boiler of an engine when he lost control of the apparatus and was unable to get out of the way of the escaping steam. He was taken to his home at the corner of Georgia and Dillon streets.

Those interested in the effort to secure a pardon for Berner had represented the prisoner as very ill, but the Governor found Berner in apparently good health. The unfortunate man made a strong appeal in his own behalf and on account of his wife, who has devoted her life to the task of securing his final release. Governor Matthews has the case under advisement, and will probably not interfere.

HER LOVER HAD JILTED HER.

Determined Efforts of Minnie Ogburn to Commit Suicide.

Minnie Ogburn, weary of the struggle for life at twenty-two, attempted selfdestruction last night at her home, No. 180 East Washington street. The girl lives in apartments up stairs with another young woman, and is known in the vicinity as a very pretty girl of modest appearance. Last night, about 8 o'clock, she dressed for the street, and stepping over to Frauer's drug store called for ten grains of morphine. She placed the drug in her pocket, smiled at a light remark from the clerk, and sought her room. A half hour later she sat down with her roommate to supper and after the meal went into a bedroom and

lay down. Her friend, noticing an empty bottle labeled poison on the dressing table, asked her if she had taken the contents, and receiving a reply in the affirmative, rushed for a physician. Dr. Gregg was found, and immediately went to work with the patient, who was rapidly approaching death. The physician labored several hours with the girl before she regained consciousness, and was then rewarded by the cool assertion from the young woman that she did not want to live.

She stubbornly refused to take the medicine prescribed and for several hours, last night, she wavered between life and death. Her recovery is yet doubtful. Her desire to end her existence gained possession of her mind some time yesterday, when she learned that a young man, who has been paying her some attention, had jilted her for another woman. She despaired of regaining the affections of her lover and

ROBY PRIZE FIGHTS.

Governor and Sheriff Each Waiting for the Other to Do Semething.

Sheriff Freideriche, of Lake county, was in the city yesterday, for a short time, and in addition to holding a cancus with his attorneys, Elliott & Elliott, in regard to the suppression of the Roby arena, called upon the Governor. As to the nature of the talk between these two officials the Governor had nothing to say, but the sheriff had no hesitancy in divulging the fact that his ideas of the trouble did not conform with those of the chief executive, and added that if the Governor is not satisfied with his way of conducting the office as it pertains to Roby he ought to have the matter taken out of his hands. Mr. Freiderichs further explained that he has been making an effort to stop the disgraceful work, but says that his hands are tied.

He cannot make arrests without warrants, and cannot drive from Crown Point to Roby and make a capture with any degree of success. Judge Elliott, the Lake county official's legal adviser, informed his client, yesterday, that it would be advisable to await the action of the courts as to the legality of the Roby sports before making too many arrests. Sheriff Freiderichs complains that while the Governor is anxions that the fights be suppressed, he is not willing to take the initial step and desires the sheriff to take all the responsibility.

RAILWAY CONSOLIDATION.

The Two Raven Roads Form the Indianapolis, Springfield & Western.

Among the articles of association filed with the Secretary of State yesterday was the consolidation of the Indianapolis & Raven railway with the Raven & Springfield company, from which in orporation the State draws a big fee. The companies consolidate under the name of the Indianapolis, Springfield & Western company, extending from the city of Indianapolis westward through the counties of Marion, Hendricks, Putnam, Parke and Vermillion. The principal office is to be established in Indianapolis, with the general office at Decatur, Ill. Authorized capital stock of the new company is stated as follows: One million five hundred thousand dollars preferred stock, \$4,000,000 of common stock. Of this amount the State retains as fee \$5,500, while the Secretary of State secures as a personal fee the sum of \$550 as prescribed by law. scribed by law.

Other incorporations filed yesterday were as follows: The Walter-Raupfer Brewing Company of Columbia City; capital stock, \$100,000. The Enterprise Land Company of Parker; sapital stock, \$100,000.

QUARTERLY REPORTS.

Work of the Flower Mission and Training School During the Past Three Months.

At the regular weekly meeting of the Flower Mission, the second quarterly reports of the mission and training school were read and approved. During the last three months the expenditures amounted to \$1,028.62, covering such as groceries, meats, milk and washing. District nurse, Miss Curry, received \$151.25, and the Training School for Nurses \$525. The following donations to the training school, besides those previously mentioned, have been received: From Mrs. Applegate, a set of China dishes; from Miss Mattie Stewart, a jar of pickles and literature. Miss Ruth Fletcher has been added to the membership of the board, and there is still a vacancy, caused by the resignation of Mrs. Jordan. Her retirement from the board was accepted with regrets.
